

SourceFUL®

LIQUID FULVIC ACID

SourceFUL® is specially formulated fulvic acid extraction to be used with liquid fertilizers. It is made exclusively with Leonardite found in isolated veins in Northwestern North Dakota.

INSTRUCTIONS FOR USE

DO NOT SPRAY DURING THE HEAT OF DAY

Amounts to use may vary depending on products used and the environment they are used in.

Questions, call Joe Murphy -- 863-446-0146

As a chelating agent

3 pounds of SourceFUL® for every pound of the following: zinc, manganese, calcium, magnesium

6 pounds of SourceFUL® for every pound of iron

As a booster for micro nutrients

1 quart of SourceFUL® to 100 gallons of water

As a systematic additive for herbicides

1 pint of SourceFUL® to each treated acre

CAUTION:

Be careful when mixing SourceFUL® with other products. Check compatibilities in small amounts before mixing.

WARNINGS & WARRANTY

KEEP OUT OF REACH OF CHILDREN

MAY BE HARMFUL TO SKIN AND EYES • DO NOT SWALLOW

MAY CAUSE IRRITATION TO SKIN, NOSE AND THROAT

SKIN CONTACT: Remove contaminated clothing and wash contaminated skin with large amounts of soap and water. If irritation persists, contact a physician. Launder clothing before re-use. Repeated or prolonged contact may cause irritation.

EYE CONTACT: Flush with water for at least 15 minutes. Contact a physician immediately. May cause permanent eye damage if not treated immediately.

PROTECTIVE CLOTHING: Chemical resistant gloves and chemical goggles and/or face shield should be used to prevent skin and eye contact.

ADDITIONAL MEASURES: Local exhaust recommended in confined areas. Avoid breathing of vapors, prolonged skin contact and launder clothes before re-use.

Warranty:

Manufacturer warrants the product in this container conforms to a chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions and under normal conditions of use; but neither this warranty nor any other warranty of merchantability or fitness of a particular product expressed or implied extends to the use of this product contrary to level conditions or under conditions not reasonably foreseeable to the manufacturer; and user assumes that risk of any such use.
